- Still working with High Point Electric on Control & Greco gens. We should definitely put in our plans to replace Control gen. It's a dinosaur and may not be repaired. Time will tell.
- As you all are aware we've had a month with power failures and playing catch up without Controls gen.
- Padlocked outlet covers at small well houses. Jack if you can drop a key off at Edgewood one day.
- I will be out of town starting tomorrow morning and returning Monday afternoon. Tyler will be around and as always I should be a text away, as service is not the greatest where I'll be. Better during daytime.
